INTRODUCTION.

The course of events seemed to have moved quietly during the twelve years covered by the records included in the following pages. Perhaps the most marked excitement arose from the controversy over the building of what, for obvious reasons, became known as "The Mammoth Road." This controversy, starting in 1821, did not end until the road was completed by order of the court in 1836, after eighteen years of opposition, litigation, and extraordinary expense. A footnote on page 184 describes this action more fully.

The town contributed quite liberally toward keeping the roads in repair, and laid out four new highways. Firewards were chosen irregularly, and fishwards at every election, though the interest in the latter was on the wane.

Religious matters in connection with the state now received very little attention. At the annual meeting in March, 1817, it was not voted to raise any money for preaching, and nothing more was done in that direction until at a special meeting called March 31, 1827, it was again dismissed from public support by deciding against allowing certain money coming from the sale of the "ministerial land" going toward the support of the minister. Tything men, however, were chosen during the entire period, and men to look after the meeting-house were elected. Certain repairs were voted, and it was voted to build a new meeting-house of brick. But there is nothing recorded that any action was taken in carrying out this vote. The matter of moving the old meeting-house and making a town house out of it was dismissed at this time. An attempt to have the interest of the John Perham fund given the town applied to payment for preaching failed.

The care of the pound continued to call for more or less attention, and keepers of the pound were chosen during the entire period.

At the annual meeting in 1824 Manchester voted 90 to 0 to establish Amherst as the shire town of the county.

The practice of boarding the poor of the town with the persons who bid them off at auction continued, as in the years gone by.

The collection of the taxes was also vandued off to the lowest bidder, the rate being from two and one half to four and one half per cent for collecting.

An average of a little over five licenses was granted annually during these twelve years, and an attempt was made once to recover money thus paid by the different tavern-keepers, but it failed.

The town lines were perambulated six times at different sections.

As heretofore the matter of schools occupied considerable attention and were usually treated in a liberal manner. Two schoolhouses were built during this period, in districts No. 1 and No. 2. Prudential committees were first chosen by the town in 1828.

The annual inventories have become more extended and complex, thus causing them to occupy more space and adding materially to the expense of printing, so that we are obliged to reduce the numbers of pages in this volume.

The death of Gen. John Stark, the veteran hero of two wars, occurred in 1822, removing the most distinguished citizen in the town and the state.

The following lists give the names of the leading officers in the town:

Clerks, 1817-1818, John G. Moor; 1819-1823, Frederick G. Stark; 1824-1825, Amos Weston, Jr.; 1826-1828, Franklin Moor.

Stark, Israel Merrill, James McQuesten; 1827, Frederick G. Stark, Amos Weston, Jr., Franklin Moor; 1828, John Gamble, John Ray, Nathaniel Moor.

Representatives, 1817, Isaac Huse; 1818-1819, John G. Moor; 1820-1821, Isaac Huse; 1822-1825, Frederick G. Stark; 1826, Isaac Huse; 1827, Amos Weston, Jr.; 1828, Franklin Moor.

The population in 1820 was 761; in 1830, 887. There was little indication then that within sixteen years it would be incorporated as a city with over ten thousand inhabitants.

1st To choose a moderator to regulate said meeting

2nd To see what method the town will take in regard to laying out a new road through this town in such manner as to meet the road proposed to be laid out from Hooksett to Pawtucket Bridge — and more particularly to take the sence of the town as to the expediency of said road and to transact such other business as may be necessary to be done in relation to said road ——

4th To see if the town will vote to pay Dr. Bartleys bill for his attendance and medicine for Caesar Harvey and Luke Halls family, and keep in their hands the Caesar Harvey farm until the same is paid by said Hall or his order — and in the warning and notification of said meeting you are to post a copy of this Warrant as the Law requires — — Given under our hands at Manchester this nineteenth day of August A. I have notified and warned the within named inhabitants by Posting a Copy of this Warrant as the Law requires

Daniel Hall Constable

At a meeting of the inhabitants of Manchester held at the meetinghouse on monday the Eighth day of September 1823 in purusuance of the foregoing Warrant JOHN STARK Esq was chosen Moderator — Motion was made by Mr. Huse to take the sence of the meeting as to the Expedency of the road mentioned in the second article in the Warrant — which motion prevailed — and the number who voted that said road was expedient was one — and the number who voted that said road was not expedient was Forty-five — the following Vote was then introduced by Mr. Stark which passed

Voted Joseph Moor be an agent for this town to join the Committee chosen by the town of Londonderry to oppose the laying out and opening a road through this town. Londonderry &c in a direction from Hooksett to Pawtucket Bridge as it is the opinion of the people of this town. that the public interest does not require said road to be laid out and that the expenses of making the road would greatly exceed the benefit to be derived from its being opened, and that it would lay a burden upon this town which they are unable to bear — therefore said Agent is instructed to procure such counsell and make such defence against said road as he shall think the interest of the town requires ——*

* This vote is really a reconsideration of that taken at the annual meeting in March, when the town voted not to build the road asked for in 1821 by the citizens of Lowell, Mass., and Concord, N. H., who believed that there should be a good stage road between those places. The survey was made through Dracut, beginning at Pawtucket bridge, Pelham, Windham, Londonderry and Manchester, to connect with Londonderry turnpike in Hooksett, thence by that road to Concord. Bitter opposition was immediately shown in at least Londonderry and Manchester, though the project had one strong supporter in the last named place. He was Capt. Ephraim Stevens, Jr., who cast his solitary vote in favor of the new route, which was soon to be known as "The Mammoth Road." Action was frequently taken in regard to the matter, until the town made its last stand against it at a special meeting August 16, 1828. In October, 1830, the court ordered that the road should be built, which was accordingly done by the different towns. The road, however, proved a poor investment, though from no fault of the merits of the undertaking. The building of a railroad between the objective points completely changed the means and methods of transportation.—EDITOR.

The third article was then taken under consideration and the following Preamble and Vote was introduced by Mr. Stark which passed 32 to 20 Whereas the Selectmen of Manchester have been cited to appear at the court of Sessions to be holden at Amherst on the first Tuesday of September 1823 to shew cause why a road should not be laid out and opened on a straight line from Perhams Bridge to Manchester meetinghouse — — but did not attend ——

Therefore — Voted That the Town clerk be instructed to present to the Committee of Hon. Court of Sessions the following reasons Viz.

First — The Road as now traveled is in good repair ——

Second — It is a road upon which there is no considerable public Travel.

Third — No considerable saving in the distance will be made by the proposed alteration. ——

Fourth — The lots through which the road would pass would be badly cut up ——

Fifth — The Expenses of making said road would far exceed the advantages to be derived from any alteration.

The Fourth article was then considered and it was Voted to dismiss it — The Town Clerk Read a Venire requiring him to cause one man to be appointed to serve as grand Juror at the Superior Court to be holden at Amherst on the first Tuesday of October next — and one man to serve as petit Juror at the same court — and accordingly — *Nathan Jonson* was drawn to serve as Grand Juror and John Stark Esq. was drawn to serve as petit Juror.

The meeting was then dissolved ——

Attest ——

The meeting was then Dissolved

The Treasurer for the Town Manchester for the year 1824 Respectfully asks leave to make the following Report ——

That there appears to be a balance due from John Young Collector for the year 1819 . . . . . 11.71

The account with Mr. Young also shews payments made to the treasurer exclusive of Town Orders amounting to 35.68

which it is believed has never been accounted for by the treasurer

There appears to be a balance due to John Dwinell collector for the year 1820 — of — 32.21

and payments made by him in cash to the amount of 56.00

making 88.21

which remains in the hands of the Treasurer for that year unaccounted for ——

The account with John Dwinel collector for the year 1821 shews a balance due from him of — 7.01 — but it also appears from a certificate in the hands of the Treasurer that seven dollars and three cents in cash was paid by him and not credited which if credited would nearly balance the account

——

said sum of 7.03 is therefor in the hands of the Treasurer for that year unaccounted for ——

Peter Young Collector for the year 1822 — has paid in Orders the sum of 465.77 and five Dollars in cash making 470.77 the amount of Town taxes that year was 592.59 — so that the sum of — 121.82 — remains due from him

Israel Webster Collector for the year 1823 has paid in Orders the sum of 362.46 — and the amount of Town Taxes that year was 602.46 — so that a balance is due from him of 240.00 in that years list

Israel Webster Collector for the year 1824 has made no payments towards that years tax and the whole sum amounting to 575.60 — is this day due from him

Recapitulation

Due from the Collector for 1819	11.71
from the Treasurer of that year	35.68
from the Treasurer of 1820	88.21
from the Treasurer of 1821	7.03
from the Collector of 1822	121.82
from the Collector of 1823	240.00
from the Collector of 1824	575.60
making the sum of	1080.05
To which may be added the sum of	24.34
which is in the hands of the present treasurer which will make	1104.39

which is now to the Town

I have not the means of Knowing precisely the amount oweing by the Town — but am inclined to think that if the above accounts are seasonable settled and the balance promptly paid — the Town will be enabled to pay all the demands existing against it and to have a considerable balance in the Treasury — but in order to effect this purpose — two things appear to me to be necessary ——

First Chose a suitable Committee to settle with all former Treasurers

Second instruct the Treasurer for the ensuing year to call upon all delinquent collectors to settle up their Lists

thes two propositions if completely carried into effect will soon remidy a growing evil — and place the fiscal concerns of the town in its proper state ——

During the last year I have received the interest on the note given by Jonas Harvey and others for Town land up to January 3^{r} 1825 — amounting to 39.86 — and also interest on a part of that sum on account of its not having been paid in due season 40 cents I have also rec^{d} of Collector Dwinel a balance of 1.76 and of Peter Young 5 Dollars — making in all = 47.02 and have paid the Selectmens Order to James. S. Mace for teaching school in District No 1 . . 22.68

leaving a balance in my hands of 24.34

which is subject to Order

All which is respectfully submitted by

Frederick. G. Stark Treasurer
